ASSOCIATIONS INSTITUTE

## Grassroots Initiative to Save Our Communities!

### **FACT:**

*Outside investors with deep pockets have been lobbying your Nevada elected officials to pass legislation that adversely affects your community. This legislation may limit your association's ability to protect, preserve and enhance your community. During the 2013 Legislative Session, it's your turn to be heard! Join the Grassroots Initiative and help us combat the onslaught of legislation negatively impacting you and your neighbors.*

### **Who We Are:**

A Community Associations Institute committee intent on mobilizing homeowners against "bad" legislation that could negatively impact your community.

### **What We Do:**

Recruit, educate and organize homeowners to deliver a unified message to legislators.

### **Interested In Preserving Your Community?**

Attend our next informational meeting that will take place in your neighborhood:

**THURSDAY, MARCH 14, 2013**

**6:30 - 8:00 p.m.**

**Southern Highlands Boys & Girls Club**

**10900 Southern Highlands Parkway**

**Las Vegas, NV 89141**

It is critical that it be homeowners who communicate with policy makers on the issues facing HOAs in the current legislative session! The Grassroots Initiative is here to help. We will keep you informed of news and information and upcoming events and provide tips on effectively relaying your message to legislators.
